

Which CFP optical module manufacturer is the best

Article Overview

Innolight, Coherent (Finisar), Huawei, Cisco, and Accelink are among the top global CFP optical module manufacturers, with Chinese companies now dominating the market.

Top Global Manufacturers

The leading CFP optical module suppliers are a mix of U.S. and Chinese companies, with Chinese manufacturers increasingly capturing market share due to rapid capacity expansion and competitive pricing . The top-ranked companies in 2023 include:

- Innolight (China) – Ranked first globally, Innolight leads in high-speed modules (800G and above) and benefits from strong demand from hyperscale data centers .
- Coherent (USA, formerly II-VI, including Finisar) – Ranked second, Coherent offers a broad portfolio from 10G to high-speed coherent modules, with strong R&D and acquisition history .
- Huawei (China) – Ranked third, Huawei is a major player in telecom and data center optical modules, leveraging both domestic and international markets .
- Cisco (USA) – Through acquisitions of Acacia Communications and Luxtera, Cisco provides advanced DSP products and high-speed optical modules integrated with network infrastructure .
- Accelink Technologies (China) – Frequently ranked among the top five, Accelink offers modules from 25G to 800G and is expanding its optical module chip capabilities . Other notable manufacturers include Hisense Broadband, Eoptolink, H...
