

Which company should I choose for mesh cable trays

Article Overview

Leading companies using mesh cable trays include Schneider Electric, Eaton, Legrand, Panduit, nVent, Chatsworth Products, OBO Bettermann, Hubbell, MP Husky, and Niedax.

Key Companies and Their Applications

- Schneider Electric: Offers the UNIQWICK range of wire mesh cable trays, widely used in data centers and industrial applications for flexible and durable cable routing .
- Eaton Corporation: Provides premium wire mesh trays designed for harsh environments, supporting extreme load capacities and seismic performance .
- Legrand: Supplies comprehensive wire mesh solutions for commercial and industrial buildings, emphasizing ventilation and accessibility .
- Panduit: Specializes in high-performance trays with cable retention technology, commonly used in industrial and data center settings .
- nVent (SCHROFF brand): Focuses on mission-critical applications in telecommunications and data centers, offering modular and snap-lock systems for faster installation .
- Chatsworth Products (CPI): Provides innovative mesh solutions for data center infrastructure, enhancing cable support and airflow management .
- OBO Bettermann: European leader in industrial and commercial electrical installations, offering precision-engineered wire mesh trays .
- Hubbell Incorporated: Produces military-grade durable trays for commercial applic...
